### Event Summary

This was the board of directors meeting for CAL; There were concerns about how this could affect TARC3 service as well as limit transportation options for individuals with disabilities riding fixed route service. Indicated they would lean towards the coverage concept to keep TARC 3 service in as many parts of the city as possible. Also, discussed sending a letter from the board to city leaders asking for more funding.

### Participant Description

40% - individuals with disabilities; 50% male; 20% people of color
