### Event Summary

TARC Director of Planning shared power point presentation, explained the financial circumstances leading to the TARC 2025 planning process, the three concepts, questions being asked of the community, and the proposed timeline. An engaged discussion, questions and answer followed the presentation. Questions and comments included:

- How is TARC funded?
- Where the future funding should come from?
- Will TARC serve the adjoining counties?
- How is TARC going to serve employment centers?
- Good understanding for TARC's financial situation
- General understanding and support for additional funding for TARC
- With constrained concept service area will be reduced
- How is that going to impact paratransit service?
