Event Summary

TARC presented on the TARC 2025 process and conceptual phase at an open meeting at the Louisville Urban League. Participants asked how TARC3 would be affected by any proposals and whether there is any dedicated voter approved revenue stream for TARC3 (there is not, only revenue approved in 1974, before the start of TARC3). Participants also had specific questions about existing TARC service and concerns over what they said was recent unreliability since the June 30 service reductions went into effect.

Participant Description

Majority Black.
